WILLOWDALE NURSERIES

THE RAKESTRAW-PYLE COMPANY

KENNETT SQUARE, PA.

TO OUR PATRONS:

We have a sixty-four year old name and reputation for honest dealing and dependable nursery stock. Our nurseries, situated two miles North of Kennett Square, are completely stocked with choice evergreens, shade trees, shrubs and other ornamentals. We invite you to visit us. We are open from Monday morning until Saturday night, closed on Sunday. Our acres of beautiful plants testify to our long accumulated knowledge of the business of growing and caring for the finest specimens, domestic and imported, that are hardy in this locality. We are always glad to help you in selecting the proper plants which will give best results in the situation in which you wish to plant them. We will make you a landscape sketch and planting plan to assist you in creating a beautiful setting for your home or garden. "It is not a home until it's planted." We are always glad to answer questions.

The Spring planting season opens in March or April as soon as the frost is out of the ground and continues until the plants are too far advanced for safe handling. The Fall season extends from late August and early September until the ground is frozen.

Ask for our booklets, "HOW TO PLANT", "HOW TO BEAUTIFY THE HOME GROUNDS", "LANDSCAPING WITH EVERGREENS".

We endeavor to have all our plants genuine and true to name. We do not give any warranty, but will, upon proper proof, replace anything that may prove untrue. It is mutually agreed between the purchaser and ourselves that we shall not at any time be held responsible from any cause for more than the original cost of the plants.

TERMS: Cash with order or satisfactory reference except to those of known responsibility.

No complaints allowed unless made within TEN days after receipt of plants.

When plants are selected at the Nursery, customers will be charged in accordance with the value.
